Rain Did NOT Stop Play

The week has been a wash out in terms of weather, but not thankfully for our Woodland spirit. There were some soggy climbers and archery children and staff, however absolutely no complaints. Once again the week has been a huge success, where children have quite literally not stopped smiling. Climbing wall, skateboarding and lego building have been amongst the favourites of many activities. Well done to all the children for embracing the week with the right attitude and to the staff, for their "let's have a go," mindset. Some of the dressing up outfits have been fabulous and the Parisian waiters race across the car park was hilarious. Thank you for all your positive comments on FB too, in the French cafe and supporting singing on the steps.

Once a Woodlander, always a Woodlander...

It is with a heavy heart that I have to inform you that Mrs Lacey will be leaving us next week.

Mrs Lacey has been with Woodland for over 14 years, 8 years of which, she has been our SENDCo. During this time she has helped many families through difficult processes and she has been an invaluable source of advice to many. As well as being a fabulous class teacher to many of your children.

From September she will be moving onto working in special education, doing outreach work for Kingsbury, something that has been on her radar for a while now.

There is no doubt that she will be missed by all and her shoes are big shoes to fill, but we have appointed a new SENDCo, Andrea Ashcroft, who you will be meeting soon.

I am hoping with Mrs Lacey's outreach work that our paths will still cross many times, but in the meantime we wish her all the best on her new venture.
