CHILDREN IN NEED

It was great to see Pudsey visiting school today. He was very impressed with the children's outfits, especially the homemade ones

Woodland quite literally rocked on Tuesday. Check out the photos on FB and School Spider.

SAVE OUR SWIMMING POOL

As a concerned school of West Lancashire, we rely heavily on our existing leisure facilities – Nye Bevan. The facilities serves not only our school but countless others within our community, providing essential opportunities for physical activity, social interaction and mental stimulation.

Unfortunately, this valuable assets is in danger of being closed, an action that would undermine the wellbeing of our local community.

Our council made a promise to us. They stated they would retain and look after our current swimming pools until alternate facilities were operational in Ormskirk and Skelmersdale. These words gave us reassurance and hope, but now it seems they are on the brink of breaking them.

The impact of such an action cannot be underestimated. In West Lancashire – where these are among the few leisure facilities available – they play a crucial role in our day-to-day lives. Closing these facilities without providing an alternative will deprive our residents of their basic right to stay active and engage socially.

According to a report by Sport England, regular participation in community sports and physical activities can greatly improve an individual's mental health and overall life satisfaction. These factors highlight the necessity of our council's adherence to their promise.

Therefore, this petition urges the West Lancashire Borough Council to uphold their commitment: keep Nye Bevan and Park Pool open until new facilities are fully functional in Ormskirk and Skelmersdale. We, the community, rely on them for our physical and mental wellbeing. Stand by your promise and make the right decision for the people you represent.

Please sign both petitions. You have to create an account, but it will only take 15 minutes to help save our pool which in turn will help safe lives!
